AUGUST 2013

SYDNEY INTERNATIONAL BOAT SHOW 2013

Another Sydney International Boat Show finished and we would have to say in the current economic climate it was our best show for some years. Five days of great weather certainly brought out the crowds with over 150 groups of interested and potential clients through the 65, it proved to be a very busy five days for the Johnson staff.

A big thanks on our behalf goes out also to our Perth Distributors, Mansfield Marine's representative Tom Blaxell, on the site for the five days to help with the boat inspections.

We also need to thank the Johnson Motor Yachts NSW staff Darlene, Chris and Roger for their dedicated presence over some long days on the stand.

To those who inspected our 65' Johnson, we say thank you for the interest shown and at times the patience in waiting for an appointment time.

As mentioned at the show the Johnson 65' will be in Sydney for the next eight weeks doing demonstrations for a number of clients so please feel free should you wish to see the vessel further on a one on one basis. If you contact our Business Relations Manager, Chris Kelly on (02) 4964 8111, she will certainly try to manage a time that suits you.

On the Johnson scene the next 65 is well underway with approximately six to eight months completion time to run. The third is in the layup stages and if all goes to plan these may all be sold.

Johnson also will be on Facebook at the time of this newsletter being released so join us on www.facebook.com/johnsonmotoryachts for any updates, model releases and general news from our end.

Thank you from the Johnson Team
